Over the past few months we have been forced to adapt to a new normal as a result of the Coronavirus COVID-19. Learning has changed, life as we know it seems different, jobs have been lost, funding running low and for many, the future of college seems distant. In all of this there is still hope! We have learned to be creative, more compassionate and above all, thankful. In an effort to do my part, I started making mask for essential workers who worked tirelessly to help those in need. As donations came in, I decided to contribute to the ongoing efforts of institutions of higher education, and others by providing this scholarship.

How has life been different for you and what contributions are you making to remind yourself ICAN make a difference during these ever-changing times of the Coronavirus pandemic?
