Dear Students, Families and Counselors:

Welcome to the Junior League of Montgomery's VIRTUAL College and Career Fair with Signature sponsor Auburn University of Montgomery! Since 1985, we have presented this free event for high school students and their families to explore academic and career opportunities. We were not going to let the pandemic stop us from offering this resource to the students and families of our Region. We hope this resource guide will provide you with information to help you reach your post-secondary educational and career goals.

We are deeply grateful to the many local businesses, clubs and organizations that provide scholarships, grants and loans to deserving students in our area. Their commitment to improving our community through encouraging and supporting success of young people assures a brighter future for all of us.

This year we are thrilled to announce that a Junior or Senior attendee will receive a \$500.00 scholarship courtesy of the Junior League of Montgomery! In order to be eligible for the drawing, you must be a Junior or Senior living in the River Region and visit at least 10 colleges or career booths.

The Junior League of Montgomery is an organization of women committed to promoting voluntarism, developing the potential of women and improving the community through effective action and leadership of trained volunteers. Since 1926, we have donated countless hours and millions of dollars in financial support to the River Region. Each year our members not only give their time, but dedicate themselves to serving our Community. This year's College and Career Night Fair has been made possible because of the creativity, determination, and tireless work of its Committee. Led by Hollie Reed and Amerika Blair who are determined to give you a wide variety of Colleges, Universities and Career opportunities. We are so thankful for each of them!

Since this event is virtual, an additional speaker component is being added. Make sure you visit <https://jlmcollegandcareerfair.swoogo.com/JLM> for the most up-to-date information.

The Junior League of Montgomery would like to invite you and your families to participate in our Virtual Holiday Market, October 7th – 11th, 2020, as well as, our Rummage Sale on January 23rd, 2021, and Women's Leadership Summit on March 5th, 2021. # **Paying for College: Grants, Loans, and Other Financial Aid Sources**

Finding financial aid can seem overwhelming when you're trying to get ready for college or career school.

The U.S. Department of Education's Office of Federal Student Aid recommends:

## **Preparation**

Scholarships and state aid can help cover the cost of college or career school, but you may find yourself in need of federal assistance.

1. Start with savings. Begin saving early.
2. Scholarships – Look for scholarships through your state or college as well as national and community organizations.
3. State Aid – Many states have college funding programs. Ask a guidance counselor or your college financial aid office for more information.

## **FAFSA**

The FAFSA is the Free Application for Federal Student Aid and is the only way to apply for federal student aid. Many Universities, Colleges and Trade Schools REQUIRE you to fill out the FAFSA in order to be eligible to apply. The schools you list on your application will use FAFSA information to evaluate your financial need and determine how much federal aid you are eligible to receive. Many states and colleges also use information from your FAFSA to provide their own financial aid.

- Each October 1st, the FAFSA is available for the upcoming school year. It is best to fill it out as early as you can because some aid is first come, first served.
- When you complete the FAFSA, you'll need to provide personal and tax information. If you've filed your taxes already, you may be able to automatically retrieve the information from the IRS. If you haven't, just estimate your tax information and update it later.
- Complete the FAFSA online at [www.fafsa.gov](http://www.fafsa.gov). Make sure to fill out and submit the FAFSA each year you are in college. There is NEVER a fee to fill the FAFSA out online, do not pay for FAFSA services or companies that advertise that they can help you get FAFSA money. The only legal and true way to get FAFSA money is to apply directly to them.
- After you submit your FAFSA, you'll receive your Student Aid Report (SAR). Your SAR summarizes the information on your FAFSA. Review it and make corrections if needed.
- Your FAFSA helps your school determine the types of federal student aid you are eligible to receive.

*Disclaimer: Scholarships types and award amounts are subject to change at any time at the discretion of the Intuition awarding the scholarship. Please confirm the details of the scholarship prior to applying.*

## TYPES OF FEDERAL STUDENT AID

As the largest provider of financial aid, the U.S. Department of Education's Office of Federal Student Aid provides grants, loans, and work-study funds.

**Grants:** Grants are free money that does not have to be repaid.

**Loans:** Student loans are real loans (like a car or home loan) that need to be repaid with interest. Be sure to look for pay back dates and rates if you are planning to secure funding in through this method.

**Work-Study:** A work-study job gives you the opportunity to earn money to help pay your educational expenses.

### GRANTS

The U.S. Department of Education offers a variety of federal grants to students attending four-year colleges or universities, community colleges, and career schools.

- Federal Pell Grants
- Federal Supplemental Educational Opportunity Grants (FSEOG)
- Teacher Education Assistance for College and Higher Education (TEACH) Grants
- Iraq and Afghanistan Service Grants

#### Federal Pell Grant Program

To get a Pell grant, you must complete the:

- Free Application for Federal Student Aid (FAFSA)

Quick information on Pell grants:

- A Federal Pell Grant, unlike a loan, does not have to be repaid.
- The maximum Pell grant for the 2019–20 award year (July 1, 2019, to June 30, 2020) is \$6,195.00 dollars.
- The amount depends on your financial need, costs to attend school, status as a full-time or part-time student, and plans to attend school for a full academic year or less.

#### Program Description

• The Federal Pell Grant Program provides need-based grants to low-income undergraduate and certain post-baccalaureate students to promote access to postsecondary education. Students may use their grants at any one of approximately 5,400 participating postsecondary institutions. Grant amounts are dependent on: the student's expected family contribution (EFC) (see below); the cost of attendance (as determined by the institution); the student's enrollment status (full-time or part-time); and whether the student attends for a full academic year or less.

Students may not receive Federal Pell Grant funds from more than one school at a time.

• Financial need is determined by the U.S. Department of Education using a standard formula, established by Congress, to evaluate the financial information reported on the *Free Application for Federal Student Aid* (FAFSA) and to determine the family EFC. The fundamental elements in this

*Disclaimer: Scholarships types and award amounts are subject to change at any time at the discretion of the Intuition awarding the scholarship. Please confirm the details of the scholarship prior to applying.*

standard formula are the student's income (and assets if the student is independent), the parents' income and assets (if the student is dependent), the family's household size, and the number of family members (excluding parents) attending post-secondary institutions. The EFC is the sum of: (1) a percentage of net income (remaining income after subtracting allowances for basic living expenses and taxes) and (2) a percentage of net assets (assets remaining after subtracting an asset protection allowance). Different assessment rates and allowances are used for dependent students, independent students without dependents, and independent students with dependents. After filing a FAFSA, the student receives a Student Aid Report (SAR), or the institution receives an Institutional Student Information Record (ISIR), which notifies the student if he or she is eligible for a Federal Pell Grant and provides the student's EFC.

- Federal Pell Grants are direct grants awarded through participating institutions to students with financial need who have not received their first bachelor's degree or who are enrolled in certain postbaccalaureate programs that lead to teacher certification or licensure. Participating institutions either credit the Federal Pell Grant funds to the student's school account, pay the student directly (usually by check) or combine these methods. Students must be paid at least once per term (semester, trimester, or quarter); schools that do not use formally defined terms must pay the student at least twice per academic year.

### **Federal Supplemental Educational Opportunity Grant (FSEOG) Program**

- The FSEOG Program provides need-based grants to help low-income undergraduate students finance the costs of postsecondary education. Students can receive these grants at any one of approximately 3,800 participating postsecondary institutions. When making FSEOG awards, the institution must give priority to those students with "exceptional need" (those with the lowest Expected Family Contributions, or EFCs, at the institution) and those who are also Federal Pell Grant recipients (see # 84.063, also under topical heading Federal Student Aid).

- A participating institution applies each year for an FSEOG allocation by submitting a Fiscal Operations Report and Application to Participate (FISAP) to the U.S. Department of Education. Using a statutory formula, the Department allocates funds based on the institution's previous funding level and the aggregate need of eligible students in attendance in the prior year. Institutions must contribute 25 percent of the award amounts.

- Students must file a *Free Application for Federal Student Aid* (FAFSA) as part of the application process for an FSEOG. The FAFSA can be completed on the Web at <http://www.fafsa.ed.gov>.

For more information on FAFSA and the student aid award process, see the entry for the Federal Pell Grant Program (# 84.063, also under topical heading Federal Student Aid).

*Disclaimer: Scholarships types and award amounts are subject to change at any time at the discretion of the Intuition awarding the scholarship. Please confirm the details of the scholarship prior to applying.*

## Teacher Education Assistance for College and Higher Education (TEACH) Grants

A Teacher Education Assistance for College and Higher Education (TEACH) Grant is different from other federal student grants because it requires you to take certain kinds of classes in order to get the grant, and then do a certain kind of job to keep the grant from turning into a loan.

- The TEACH Grant Program provides grants of up to \$3,794 a year to students who are completing or plan to complete coursework needed to begin a career in teaching.
- Due to sequestration, award amounts for any TEACH Grant that is first disbursed on or after Oct. 1, 2019, and before Oct. 1, 2020, must be reduced by 5.9 percent from the award amount for which a recipient would otherwise have been entitled. Any TEACH Grant that is first disbursed on or after Oct. 1, 2019, and before Oct. 1, 2020 must be reduced by 5.9 percent. For example:
  - For any 2019–20 TEACH Grant first disbursed on or after Oct. 1, 2019, and before Oct. 1, 2020, the maximum award of \$3,794 is reduced by 5.9 percent (\$59), resulting in a maximum award of \$3,735..
  - As a condition for receiving a TEACH Grant, you must sign a TEACH Grant Agreement to Serve in which you agree to (among other requirements) teach in a high-need field or at an elementary school, secondary school, or educational service agency that serves students from low-income families for at least four complete academic years within eight years after completing (or ceasing enrollment in) the course of study for which you received the grant.

**Important:** If you do not complete your service obligation, all TEACH Grant funds you received will be converted to a Direct Unsubsidized Loan. You must then repay this loan to the U.S. Department of Education, with interest charged from the date the TEACH Grant was disbursed (paid to you or on your behalf).

## Iraq and Afghanistan Service Grant

Like other federal grants, Iraq and Afghanistan Service Grants provide money to college or career school students to help pay their education expenses. However, Iraq and Afghanistan Service Grants have special eligibility criteria.

You may be eligible to receive the Iraq and Afghanistan Service Grant if you are not eligible for a Federal Pell Grant on the basis of your Expected Family Contribution, but meet the remaining Federal Pell Grant eligibility requirements, and your parent or guardian was a member of the U.S. armed forces and died as a result of military service performed in Iraq or Afghanistan after the events of 9/11, and you were under 24 years old or enrolled in college at least part-time at the time of your parent's or guardian's death.

*Disclaimer: Scholarships types and award amounts are subject to change at any time at the discretion of the Intuition awarding the scholarship. Please confirm the details of the scholarship prior to applying.*

## LOANS

If you apply for financial aid, you may be offered loans as part of your school's financial aid offer. A loan is money you borrow and must pay back with interest.

If you decide to take out a loan, make sure you understand who is making the loan and the terms and conditions of the loan. Student loans can come from the federal government or from private sources such as a bank or financial institution. Loans made by the federal government, called federal student loans, usually offer borrowers lower interest rates and have more flexible repayment options than loans from banks or other private sources.

The U.S. Department of Education has two federal student loan programs:

- The *William D. Ford Federal Direct Loan (Direct Loan) Program* is the largest federal student loan program. Under this program, the U.S. Department of Education is your lender. There are four types of Direct Loans available:

- Direct Subsidized Loans are loans made to eligible undergraduate students who demonstrate financial need to help cover the costs of higher education at a college or career school.

- Direct Unsubsidized Loans are loans made to eligible undergraduate, graduate, and professional students, but in this case, the student does not have to demonstrate financial need to be eligible for the loan.

- Direct PLUS Loans are loans made to graduate or professional students and parents of dependent undergraduate students to help pay for education expenses not covered by other financial aid.

- Direct Consolidation Loans allow you to combine all of your eligible federal student loans into a single loan with a single loan servicer.

- The *Federal Perkins Loan Program* is a school-based loan program for undergraduates and graduate students with exceptional financial need. Under this program, the school is lender.

- The Federal Perkins Loan Program provides low interest loans to help needy students finance the costs of postsecondary education. Students attending any one of approximately 1,700 participating postsecondary institutions can obtain Perkins loans from the school.

- The school's revolving Perkins loan fund is replenished by ongoing activities, such as collections by the school on outstanding Perkins loans made by the school and reimbursements from the Department for the cost of certain statutory loan cancellation provisions.

- Students must file a *Free Application for Federal Student Aid (FAFSA)* as part of the application process for a Perkins Loan. The FAFSA can be completed on the Web at <http://www.fafsa.ed.gov>. For more information on the student aid award process, see the Federal Pell Grant Program (# 84.063, also under topical heading Federal Student Aid).

- Students also will need to complete a Perkins promissory note in order to receive a loan.

*Disclaimer: Scholarships types and award amounts are subject to change at any time at the discretion of the Intuition awarding the scholarship. Please confirm the details of the scholarship prior to applying.*

— Perkins borrowers are eligible for loan cancellation for teacher service at low-income schools and under certain other circumstances specified in the law (HEA). Students may defer repayment of the loan while enrolled (at least half-time) at a postsecondary school. A borrower who has difficulty repaying a Perkins Loan should contact the school where he or she received the loan to find out if he or she is eligible for a deferment or forbearance based on economic hardship or other circumstances.

## **Direct Loans**

- Subsidized and unsubsidized loans are federal student loans for eligible students to help cover the cost of higher education at a four-year college or university, community college, or trade, career, or technical school. The U.S. Department of Education offers eligible students at participating schools Direct Subsidized Loans and Direct Unsubsidized Loans. (Some people refer to these loans as Stafford Loans or Direct Stafford Loans.)
- To receive either type of loan, you must be enrolled at least half-time at a school that participates in the Direct Loan Program. Generally, you must also be enrolled in a program that leads to a degree or certificate awarded by the school.

## **Direct Subsidized Loans**

- Have slightly better terms to help out students with financial need Direct Subsidized Loans are available to undergraduate students with financial need.
- Your school determines the amount you can borrow, and the amount may not exceed your financial need.
- The U.S. Department of Education pays the interest on a Direct Subsidized Loan while you're in school at least half-time, for the first six months after you leave school (referred to as a grace period\*), and during a period of deferment (a postponement of loan payments).

*\*Note: If you received a Direct Subsidized Loan that was first disbursed between July 1, 2012, and July 1, 2014, you will be responsible for paying any interest that accrues during your grace period. If you choose not to pay the interest that accrues during your grace period, the interest will be added to your principal balance.*

## **Direct Unsubsidized Loans**

- Direct Unsubsidized Loans are available to undergraduate and graduate students; there is no requirement to demonstrate financial need.
- Your school determines the amount you can borrow based on your cost of attendance and other financial aid you receive.
- You are responsible for paying the interest on a Direct Unsubsidized Loan during all periods.
- If you choose not to pay the interest while you are in school and during grace periods and deferment or forbearance periods, your interest will accrue (accumulate) and be capitalized (that is, your interest will be added to the principal amount of your loan).

*Disclaimer: Scholarships types and award amounts are subject to change at any time at the discretion of the Intuition awarding the scholarship. Please confirm the details of the scholarship prior to applying.*

## **Direct Plus Loans**

PLUS loans are federal loans that graduate or professional degree students and parents of dependent undergraduate students can use to help pay education expenses. The U.S. Department of Education makes Direct PLUS Loans to eligible borrowers through schools participating in the Direct Loan Program.

Here's a quick overview of Direct PLUS Loans:

- The U.S. Department of Education is the lender.
- The borrower must not have an adverse credit history.

The maximum loan amount is the student's cost of attendance (determined by the school) minus any other financial aid received.

## **Direct Consolidation Loans**

A Direct Consolidation Loan allows you to consolidate (combine) multiple federal education loans into one loan. The result is a single monthly payment instead of multiple payments.

Columbus State University students can access scholarships through institutional, external, and state funding sources. Typically, scholarships are based on need (income) or merit (academic, athletic, or artistic achievement). Take a moment to explore which scholarships you may qualify for.

LSU values students as more than just a test score and is committed to providing access to one of the nation's most valued degrees for all students. LSU is consistently ranked a Top Value by Kiplinger, Forbes, Money and SmartAsset.

Many of our programs are developed with industry partners to ensure that our curriculum fits the needs of the job market and provide our students with experiential learning opportunities beyond the classroom. Students often participate in internships to gain hands-on experience which often results in job offers from those same companies.

Admission to MTSU for first-time freshmen is straightforward; there are two possible paths — guaranteed admission and admission by review. For guaranteed admission, applicants must have completed the recommended college preparatory courses and must present one of the following:

- 3.0 GPA, OR
- Minimum composite ACT score of 22 (or SAT equivalent), OR
- Prior to March 2016- SAT score of 1020 (Evidence-Based Reading/Writing & Math)

All admitted undergraduates will be considered for merit scholarships, based on the criteria below. Additionally, students wishing to apply for need-based financial aid should submit the Free Application for Federal Student Aid (FAFSA).

While every applicant is reviewed individually, and our applicant pools are increasingly competitive, the table below allows you to use your highest reported GPA and highest super-scored ACT (or SAT) score to estimate your merit scholarship range. The final award will be determined by additional criteria such as the rigor of a student's academic program and high school curriculum, leadership, extracurricular involvement, letters of recommendation, alumni/legacy relationships, institutional fit and demonstrated interest. High school grades/transcripts submitted at the time of the student's application will be utilized for holistic admission and scholarship review; subsequent increases in grades or GPA will only be used for students initially deferred or wait-listed. Students may submit higher standardized test scores and request a re-review of their scholarship decision; the last testing dates considered for Millsaps' scholarship

— Eligible to compete in Presidential Scholarship Competition.

**Need-Based Mississippi College Grants:** On top of your academic award, you also could be eligible to receive additional scholarships based on your Estimated Family Contribution (EFC). Even if you do not qualify for anything other than loans through the FAFSA, we use a different formula that awards the majority of student's additional scholarship amounts in what we call MC Grants.

This can increase your award substantially. To find out what you may qualify for, take a few minutes to complete our Net Price Calculator. This is an abbreviated, unofficial version of the FAFSA that should give you a good idea of what to expect in institutional scholarships and financial aid. If you have been accepted, you will receive a conditional scholarship offer based upon this NPC information. In order to officially receive the MC Grant, you must submit a FAFSA and your actual award will be based on this information. FAFSAs may be submitted by October 1.

**Stackable:** MC offers a variety of other scholarships for students who meet certain criteria. We call these “stackable” scholarships, as they will stack on top of your current award.

There is a \$2,000 cap on all stackable scholarships above the Academic and MC Grant awards. Stackable scholarship funds are limited and will be awarded on a first-come, first-served basis.

Virginia Military Institute believes that the measure of a college lies in the quality and performance of its graduates and their contributions to society. Founded in 1839, Virginia Military Institute (VMI) is the oldest state-supported military college in the United States. Throughout its storied history, VMI has produced leaders and individuals whose daily lives reflect the integrity, fairness, and appreciation for the value of hard work that is instilled at the Institute. For the individual who wants an undergraduate experience more complete and transformative than an ordinary college or university can provide and more versatile in its applications than a military service academy affords, VMI offers a superb education.

U.S. News & World Report has ranked VMI among the nation's top undergraduate public liberal arts colleges since 2001. The Institute's efficacy is well demonstrated by generations of VMI graduates. Among the alumni of VMI are a Nobel Prize winner, 11 Rhodes Scholars, seven Medal of Honor recipients, a Pulitzer Prize winner, college presidents, and generals and
